

Pan-American EVT^M

Endovascular Resuscitation & Trauma Management

17-18 November 2019

Denver•Colorado•USA

SUNDAY November 17 th	
07.30-07.45	Introduction - Chuck Fox, Ernest Moore, Joe DuBose
07.45-09.10	Trauma Applications of EVT^M - REBOA. 8 min talk - 5 minute discussion Moderators: Chuck Fox (Denver, CO, USA), Todd Rasmussen (Washington, DC, USA)
07.45-07.58	Endovascular resuscitation and trauma management in 2019 - A trauma leaders perspective - Ernest Moore (Denver, CO, USA)
07.58-08.11	Who are the caretakers of vascular injury for the future? - Michael Sise (San Diego, CA, USA)
08.11-08.24	The Endovascular Resuscitation and Trauma Management Society - Mission and future - Tal Hörer (Orebro, Sweden)
08.24-08.37	Pre-hospital EVT ^M applications in the civilian realm - Challenges and opportunities - Laura Moore (Houston, Texas, USA)
08.37-08.50	The role of the Emergency Medicine provider in EVT ^M - Zaf Qasim (Philadelphia, PA, USA)
08.50-08.58	REBOA as a transfer adjunct? - Joe Galante (Sacramento, CA, USA)
08.58-09.10	Panel Discussion and Audience Questions
09.10-09.40	Break
09.40-10.57	Beyond trauma: Endovascular Adjuncts in Post-partum hemorrhage and medical arrest 8 min talk - 5 minute discussion Moderators: Paula Ferrada (Richmond, VA, USA), Rishi Kundi (Washington, DC, USA)
09.40-09.53	Post-partum hemorrhage and EVT ^M : the problem defined - Mike Belfort (Houston, Texas, USA)
09.53-10.06	The Cali mal-positioned placenta registry - an update - Dr. Albaro Nieto (Cali, Columbia)
10.06-10.19	High risk OB and REBOA in the US: present status and future studies - Karin Fox (Houston, Texas, USA)
10.19-10.32	REBOA capabilities and embolization in high risk obstetrics - current and future state - JR Taylor (Little Rock, Arkansas, USA)
10.32-10.40	REBOA use in medical arrest - an update - James Daley (New Haven, Connecticut, USA)
10.40-10.57	Panel Discussion and Audience Questions
10.57-12.15	Endografts and hybrid environments 8 min talk - 5 minute discussion Moderators: Jerry Fortuna (St Louis, Missouri, USA), Juan Duchesne (New Orleans, LA, USA)
10.57-11.10	Endovascular stent graft repair of blunt thoracic aortic injuries - an update - Pedro Teixeira (Austin, TX, USA)
11.10-11.23	Stent graft repair of non-aortic arterial injuries - who, when, where - Ravi Rajani (Atlanta, GA, USA)
11.23-11.36	Endografts as shunts and in hybrid approaches - AJ Davidson (Sacramento, CA, USA)
11.36-11.49	Hybrid operating environments - The Canadian experience - Chad Ball (Calgary, Alberta, Canada)
11.49-11.57	Hybrid OR utilization - The Shock Trauma experience - Jonny Morrison (Baltimore, Maryland, USA)
11.57-12.15	Panel Discussion and Audience Questions
12.15-13.15	Lunch & Resident Symposium
13.15-14.40	EVT^M and embolization for hemorrhagic control 8 min talk - 5 minute discussion Moderators: Mike Sise (San Diego, CA, USA), Fernando Juglar (San Juan, Puerto Rico)
13.15-13.28	Embolization options for trauma - coils, plugs or liquid agents, practice options and data - Josh Adams (Roanoke, Virginia, USA)
13.28-13.41	Splenic embolization: Who, when, how - Ben Zarzaur (Indianapolis, Indiana, USA)
13.41-13.54	Embolization for pelvic hemorrhage, where does it fit in the algorithm? - Melanie Hoehn (Denver, CO, USA)
13.54-14.07	Acute GI bleeds - potential role for REBOA and embolization - Joseph Ibrahim (Orlando, Florida, USA)
14.07-14.20	[TBA]
14.20-14.28	EVT ^M in elective surgical interventions - potential oncologic and orthopedic indications - Anna Romagnoli (Baltimore, Maryland, USA)
14.28-14.40	Panel Discussion and Audience Questions
14.40-15.45	Endovascular resuscitation and ECMO 8 min talk - 5 minute discussion Moderators: Jim O'Connor (Baltimore, Maryland, USA), Jeremy Cannon (Philadelphia, PA, USA)
14.40-14.53	Early ECMO for trauma in 2019 - William Teeter (Chapel Hill, North Carolina, USA)
14.53-15.06	ECMO and transport - Why and how - Phil Mason (San Antonio, Texas, USA)
15.06-15.19	Establishing a regional Acute Lung Unit with ECMO capability = challenges and opportunities - Jay Menaker (Baltimore, Maryland, USA)
15.19-15.32	ECMO - Who should own the technology and how should they be trained? - Lena Napolitano (Ann Arbor, Michigan, USA)
15.32-15.45	Panel Discussion and Audience Questions
15.45-16.15	Break
16.15-17.30	EVT^M emerging technologies 8 min talk - 5 minute discussion Moderators: Jim Manning (Chapel Hill, North Carolina, USA), Mike Dubick (San Antonio, Texas, USA)
16.15-16.28	Selective aortic arch perfusion - who and how? - James Ross (Portland, Oregon, USA)
16.28-16.41	It's not just about aortic occlusion: aortic flow regulation for traumatic injury - Tim Williams (Winston-Salem, NC USA)
16.41-16.54	Partial occlusion catheters: Promise and initial data - Marty Schreiber (Portland, Oregon, USA)
16.54-17.07	Intermittent vs. partial occlusion: which is the feasible answer? - Matt Martin (San Diego, CA, USA)
17.07-17.15	IVC filters: New technologies, new opportunities - Fernando Juglar (San Juan, Puerto Rico)
17.15-17.30	Panel Discussion and Audience Questions
19.00	Dinner

MONDAY November 18th

07.35-07.45	Introduction - Joe DuBose (Baltimore, Maryland, USA)
07.45-09.10	REGISTRY DATA and REBOA Study design - updates 8 min talk - 5 min discussion Moderator: Ernest Moore (Denver, Colorado), Joao Sahagoff (Brazil)
07.45-07.58	AAST AORTA REGISTRY - Update 2019 - Joe DuBose (Baltimore, Maryland, USA)
07.58-08.11	The European ABO Trauma Registry - David McGreevy (Orebro, Sweden)
08.11-08.24	The UK REBOA study - an update - Jan Jansen (Birmingham, AL, USA)
08.24-08.37	What the literature tells us: Scoping out REBOA - Andrew Beckett (Toronto, Ontario, CA)
08.37-08.45	Building the ideal study of REBOA: Present challenges and future opportunities - Bellal Joseph (Tucson, Arizona, USA)
08.45-09.10	Panel Discussion and Audience Questions
09.10-09.40	Break
09.40-11.05	EVTM challenges: reperfusion and refining patient selection 8 min talk - 5 minute discussion Moderators: Sheldon Teperman (Bronx, New York, USA), Lena Napolitano (Ann Arbor, Michigan, USA)
09.40-09.53	Resuscitation and REBOA - an anesthesiology perspective - Sam Galvagno (Baltimore, Maryland, USA)
09.53-10.06	Endovascular temperature modulation of re-perfusion injury - Graham Nichol (Seattle, Washington, USA)
10.06-10.19	Modifying the response to reperfusion pharmacologically - what is the answer? - Hasan Alam (Ann Arbor, Michigan, USA)
10.19-10.32	REBOA and TBI: Absolute contraindication? - Luke Neff (Winston-Salem, NC, USA)
10.32-10.40	Training for high quality ultrasound guided femoral arterial access: Are we doing enough? - Juan Duchesne (New Orleans, LA, USA)
10.40-11.05	Panel Discussion and Audience Questions
11.05-12.20	Endovascular training issues 8 min talk - 5 minute discussion Moderators: Michael Sise (San Diego, CA, USA), Melanie Hoehn (Denver, CO, USA)
11.05-11.18	Basic Endovascular Skills for Trauma Course: an update - Megan Brenner (Manhattan Beach, CA, USA)
11.18-11.31	Building the optimal training platform for the EM members of the EVTm team - Austin Johnson (Sacramento, CA, USA)
11.31-11.44	Integrated DOD training and ESTARS - Jason MacTaggart (Lincoln, Nebraska, USA)
11.44-11.57	Military REBOA use - How forces train and utilize this technology on the modern battlefield - Jacob Glaser (San Antonio, TX, USA)
11.57-12.05	Prehospital use of REBOA in the military - Fact or fiction - Jen Gurney (San Antonio, TX, USA)
12.05-12.20	Panel Discussion and Audience Questions
12.20-13.30	Miscellaneous Provocative Topics 7 min talk - 5 minute discussion Moderators: John Holcomb (Houston, Texas), Omid Jazaeri (Denver, Colorado)
12.20-12.32	Complications of REBOA: why vascular surgeons need to stay involved in this technology - Greg Magee (Los Angeles, CA)
12.32-12.44	How to build a hybrid OR when the institution cannot afford it - Omid Jazaeri (Denver, Colorado)
12.44-12.56	Prehospital transport of patients with REBOA at high altitude - Becky Vogel (Denver, Colorado)
12.56-13.08	REBOA for Venous Injury - Rina Porta (Sao Paulo, Brazil)
13.08-13.20	Single side branched thoracic stents for repair of blunt thoracic aortic injury - Greg Magee (Los Angeles, CA)
13.20-13.30	Panel Discussion and Audience Questions
13.30-13.45	Conclusion and final words: EVTm Society, JEVTm, and the next Pan American Meeting - Chuck Fox, Tal Hörer, Joe DuBose
